

Please take note of the followings when uploading your logo/image for rubber stamp making

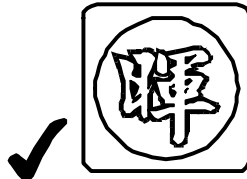

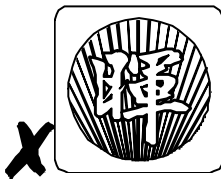

1. Do not upload the logo with color and grayscales, please change to outline and/or line art as illustrate below.

2. Do not upload the logo with low resolution, which will make it blur after doing the stamp

3. Do not upload the logo with many lines or many small words inside, which will also make the unclear after doing the stamp

4. Do not upload the logo using with small font, the minimum font size should be 7 pt.
